RE: Reference for Md. Ataur Rahman Bhuiyan,

It is my pleasure to supply this letter of recommendation for Md. Ataur Rahman Bhuiyan as part of his application to M.S. program in "Data Analytics and Visualization" at Yeshiva University.

Rahman has a very pleasant personality, is very cogent and I enjoyed our discussion. During our Skype conversation, I have found Rahman to be a very enthusiastic and skilled person with whom I would be glad to collaborate for research purposes, specifically to develop visualization tools for peptide microarrays.

I am thus convinced that Rahman will prove himself to be a valuable contributor to your department, both as a graduate student and as a teaching/research assistant.

If I can provide any additional assistance or information in support of Rahman's application, please do not hesitate to contact me by phone at 212-960-5440 or by email at adrian.caciula@yu.edu.

Sincerely,

A handwritten signature in black ink, appearing to be 'Adrian Caciula'.
